

**October 12-14,  
2017**

Sponsored by:  
The Coordinating Panel on  
Advanced Detectors of the  
Division of Particles and  
Fields of the American  
Physical Society, the U.S.  
Department of Energy, the  
National Science  
Foundation, Argonne  
National Laboratory, and the  
University of New Mexico

**Join us for the **Third CPAD  
Workshop, "New Technologies  
for Discovery,"** at the University  
of New Mexico, Albuquerque, New Mexico**

A workshop dedicated to developing instrumentation in support of the science drivers identified for the twenty-year vision of the Particle Physics Project Prioritization Panel (P5)

**Abstract deadline: September 1, 2017**
